

"My Military Hero"

Kiana

We should all have military heroes. I will talk about my military heroes and how important they are to me. They do so many things for us that sometimes taken for granted.

My military hero is brave, intelligent, energetic, athletic, and very faithful in his job of honoring our country. He is my dad. He fights for our country.

When he is deployed to other countries for training or war, my military hero is my mom. She is a strong marine mom. She has a very hard duty just like a Marine. My mom works 24 hours a day and 7 days a week. She is always there when I need her. She takes care of me, prepare me food, maintain my shelter and clothing and she gives me

lots of love.

I am thankful to have a lot of military heroes that take care of us. The military train for war so they can capture all the terrorists trying to harm us. My military heroes are the best! My dad has his job in the Marines, helping people in other countries, while my mom has her job protecting and helping our family. I am really thankful for my military heroes!

In conclusion, I talked about my military heroes. They play a great part of me and the whole world. If you do not have a military hero yet, find a Marine and thank him or her for serving our country.
